SUMMARY

Full stack developer with strong MERN stack (MongoDB, Express.js, React.js, Node.js) skills looking to contribute to a dynamic and innovative team. Ability to work in a team environment, contribute to all phases of development, and deliver impactful results.

EXPERIENCE

Full Stack Developer Intern

Polytropic Services Pvt. Ltd.

December 2022 – February 2023, Patna

- This internship provided a valuable opportunity to gain hands-on experience in developing a user-friendly customized portfolio website.
- I played a key role in all phases of the project, from conceptualizing user interface (UI) elements and designing the database schema to **implementing front-end functionality with React** and **building the back-end API using Node.js and SQL**.
- Throughout the process, I actively participated in code reviews, troubleshooted bugs, and identified optimization opportunities, which ultimately led to significant improvement in website loading speed. This experience allowed me to expand my knowledge of React, SQL, and Node.js while cultivating my problem-solving skills.

PROJECTS

College Management Site

January 2023 – April 2024

- Developed a comprehensive web application to streamline student learning and faculty organization.
- Led a team in designing and building features for lecture delivery, attendance tracking, note sharing, quizzes, tests, and more.
- Implemented a secure and scalable **MERN stack** architecture to manage student and faculty data.

Portfolio Website

<https://grand-pithivier-1ebfe7.netlify.app/> • September 2023 – November 2023

- Engineered a visually appealing portfolio website.
- Optimized website's responsiveness and user experience, leading to a robust online presence that highlights front-end development skills.
- Showcasing proficiency in **HTML, CSS, and JavaScript**, and utilized **GitHub** for version control.

EDUCATION

Bachelor of Technology – Computer Science & Engineering

Loknayak Jai Prakash Institute of Technology • Chapra, Bihar • August 2023 • 7.86

COURSEWORK

Postman API Fundamentals Student Expert

Postman • 2024 • APIs

- Fetching data to build a weather app project

Responsive Web Design

FreeCodeCamp • 2024 • HTML, CSS, JavaScript

- To build various web pages.

CCNA: Introduction to Networks

Cisco • 2021 • Networks

Online training on C and C++

Uniadea INTERNATIONAL • 2020 • C, C++

SKILLS

Tools & Technologies: MERN Stack (MongoDB, Express.js, React.js, Node.js), C++, C, Python, HTML, CSS, Microsoft Office, Unity, JavaScript, PHP, MySQL, JSON, jQuery, Apache Server, GitHub

Languages: English, Hindi
